

Water Flow Meter 3/4" (WF-M)

Technical information

4 different flow measurements

- Instant water flow measurement
- Instant water consumption
- Average consumption of 7 days
- Total water consumption

Inlet	3/4" female threaded
Outlet	3/4" male threaded
Waterproof	IPX5
Working flow rate	20 lt/h - 2,4m³/h
Maximum flow	2400 lt/h
Maximum cumulative flow	9999,9 lt or 9999,9 GAL
Measurement tolerance	± 5%
Working pressure	0.5 bar - 8.0 bar
Thread type	BSP
Battery type	CR2032(included)
Operating voltage	DC3V
Low alarm voltage	≤ 2,4V
Standby working current	≤ 25uA
